

# MAX EDGE™

The Edge Above The Rest

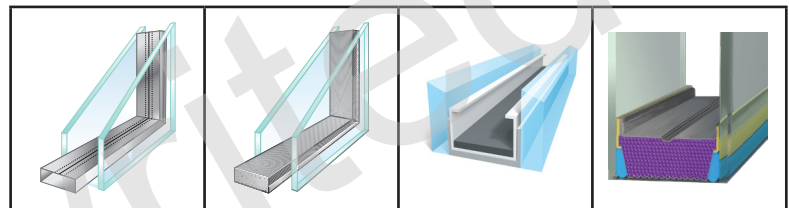

NEW  
for 2009

Modern Double Pane Sealed Insulated Glass Units were created over 50 years ago, and over that time, the materials to make insulated glass have steadily evolved so that units could be made to last longer and insulate better. MaxEdge Spacer System, the next step in the evolution of insulated glass units, provides the best value and thermal performance in windows, and is the exclusive spacer system used in the construction of Sunrise Windows.
